Dear Parents/Guardians,

Thursday, February 20, 2020

On **Tuesday, February 25, 2020** our Grade 7 and 8 students will be participating in a program from **MADD (Mothers Against Drunk Driving) Canada**. The mission of MADD is to educate communities about the perils of drinking and driving and try to make all communities a safe place to live. The goal of this program is to ensure that our students are made aware of the dangers of impaired driving and to empower and motivate them to prevent this violent crime.

MADD currently visits over 200 schools with grade 7 & 8s in Ontario each year. MADD Canada's school assembly programs brings a drug and alcohol impaired driving awareness and risk reduction messaging to the world of education. During the presentation they will be showing the film "Over the Edge". It is a hard-hitting film that includes a real life dramatization. You may view a preview of the film on MADD's website.

The programs are designed to communicate directly with young people on their level and in their language and encourage them to take a closer look at their values and perceptions. We feel this program will help our students make good choices as they prepare for high school.

Sincerely,

Miss Findlay and the Intermediate Teachers
