★ As we finish up the month of October, we will celebrate Halloween on Friday. Please make sure you watch our Halloween video about this special day. And thank you School Council for helping to pay for half for the ice cream treat. We appreciate your flexibility when it was a quick decision being made. We were working with Public Health to ensure we were ok to give a treat.

★ November brings a few things:

-Remembrance Day Video that will be created that has students that will shown by each class on November 11.

-Bullying Awareness Week is November 16-20. We will encourage students to wear a pink shirt on Friday, November 20.

-Progress Reports go home on Thursday, November 19

-Parent-Teacher Interview night will be Monday, November 23 from 3-8 p.m. The window for interviews will start on the Friday before and be open til Friday, November 27. Interviews will be done either by phone or by Google Meet. Parents can go online to set up their time and method of interview (telephone/google meet)

★ Special Lunch Days is still on pause

★ Photo Day is being worked to ensure the safety of everyone. Do not worry Grade 8s will get a grad photo.

★ Lockview Spirit Wear t'shirt. Student voice has been involved all the way through this process. We are giving these shirts free to create school spirit. Looking at two kinds of navy blues...the students will pick.

★ Lockers will be used to place winter clothing. We are have a good plan for the intermediate lockers. We are waiting for more details regarding the hooks from Public Health

★ Walker Living Campus trip for Grades 6-8 planned for December 10 and 11

★ Lots of great things are happening around the school: new shelving and cupboards placed in five classrooms, we are having the basketball nets repaired and the poles painted. Hopefully, this happens this week. We are getting a Nutritower Garden Tower (costs over \$1000) as part of being part of an Eco School. Should get this in a few weeks and there will be PD opportunities for staff. Stem cart resources came in. New windows were put in the intermediate classrooms.

**3) Instructional Program**

★Technology Competency Skills

★DreamBox will be available again for students in Grades 1- straight Grade 6 (not the 6/7). The school board pays for some of the cost and then our school pays \$10 per student. Great math program.

★ Mrs. Maureen Clarke our Youth Counsellor is continuing with class sessions about big emotions etc but it is all done virtually

★ We are still working on the Physical Education Equipment List as teachers have placed their requests but Miss Rose is going to spend time in the gym equipment room to ensure we are purchasing exactly when is needed.

**4) Family Community**

★ Progress Report Cards –

-For your information, the teachers are using a new report card program AchievEd. The program is being developed and continues to have tweaks made to it. The teachers are certainly displaying patience.

-The following statement will be prepopulated in the Elementary Progress Report Card:

This reporting period reflects learning that occurred in a modified learning environment as required by provincial public

Healthguidelines. As a result, the rate of progress described on this report card may differ from previous years due to the

ongoing impact of COVID19 on student learning. Ongoing communication with your child's teacher will provide additional information pertaining to student progress throughout the term.
